

HENRI BOURGEOIS

SANCERRE

‘LA CHAPELLE DES AUGUSTINS’

Gun-flint! The classic aromas of Sancerre erupt from the glass. The vines, over 35 years old, are in fact grown on soil rich in flint stone. Hand selected, and treated with great delicacy, the grapes yield concentrated juice of unusual purity, true to the unique terroir. The resulting wine is a marvel: complete but so refreshing it is hard not to reach for another glass. Gooseberry fruit and tarragon accents meet lime zest and minerals on the palate. While it can be kept for 5 to 7 years, there is no call for unnecessary heroism.
