

**Cépage :** Pinot noir.

**Superficie :** 2ha 69a 06ca.

**Yield and planting density:** 60 hl / ha for 10,000 plants / ha.

**Mode de culture :** Lutte raisonnée.

**Cuaison :** The grapes are totally destemmed. Cold maceration for one week, then alcoholic fermentation for 10 to 15 days at 20-30°C

**Elevage :** 50% in barrels and 50% in stainless steel tanks for an average of 10 months, then bottled at the estate.

**Wine Tasting :** Fresh and intense nose, slightly spicy, with a dominant of red fruits (strawberry, cherry, black currant, blueberry). In the mouth, the fresh attack followed by a low tannic intensity ends on a harmonious finish.

**Food and Wine Pairing :** To be served with a plate of cold meats, a meat or poultry pie, a stew or for certain it will make an ideal partner for fish lovers.

**Service :** Entre 2 et 6 ans d'âge à une température de 14 à 16°C.
